NOTES

The first 25 ranked lifters are awarded points on their total result as per the IWF Technical Competition Rules.

There is no official team competition at the Universiade and therefore no medals are awarded.

The first number in each cell represents the points that participants from a country were awarded in a bodyweight category; second number in the cell represents number of participants from a country in a bodyweight category. Total represents the total number of points/participants for that bodyweight category.
